## Who We Are . . .

We started working with HALO Ministries in Salisbury feeding the hungry several years ago and during this time we began to feel a real burden for the hungry families and individuals in Somerset County. God has placed it on our hearts to do something about it. We have formed a Non-profit corporation called H.O.P.E. Ministries of Delmarva (**H.O.P.E.** stands for **Helping Others Prepare for Eternity**) so we can start feeding the hungry in the community. We served or gave out over 17,000 meals in the first year; God is good!

## We are open . . .

We are located on Main Street Princess Anne, right next door to Ace Hardware. We are currently open every Friday and Saturday from 6:00pm to 7:30pm.

We are a restaurant style feeding center.

The people are welcomed each night by a greeter, then seated. Our servers take the drink order and once they have their drinks the guest are served the hot meal on the menu for the evening. We have buss people clear their dishes and the servers bring the dessert for the evening. The greeter takes time to stop at each table and pray over the meal and talk with the guests. We are so blessed to see what God is doing in this ministry.

We are in need of a variety of donations. This would include people and/or groups donating their time to help and we need financial donations and/or commitments to cover rent, utilities and operating costs. All of our staff workers are volunteers and will be giving of their time to feed our community. We are currently accepting donations at local businesses; see our website for more detail. You can also sign up for volunteer opportunities on our websites **Contact** page.
